Word stress

- One word has only one stress.
- We can only stress vowels, not consonants.

Word	Type of word	tendency	Exceptions
apple table happy	two-syllable nouns and adjectives	stress on the first syllable O o apple	hotel lagoon
suspect import insult	words which can be used as both nouns and verbs	the noun has stress on the first syllable O o "You are the suspect!" the verb has stress on the second syllable o O "I suspect you."	respect witness
hairbrush football	compound nouns	fairly equally balanced but with stronger stress on the first part O o
